A LETTER FROM CASL'S

EXEC. DIRECTOR

Welcome to the CASL State Conference! We are beyond excited to have you join us for this incredible gathering of passionate leaders, innovative thinkers, and dedicated educators. This year's theme—The CASL of Tomorrow...Unleash Your Curiosity—invites us to explore, question, and discover new ways to lead purposefully.

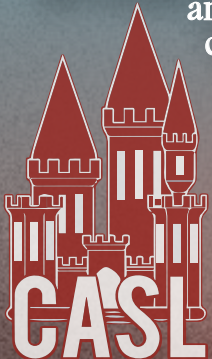

Curiosity is the spark that drives great leaders. It fuels creativity, deepens connections, and opens doors to endless possibilities. Throughout this conference, we encourage you to embrace curiosity—ask bold questions, seek new perspectives, and challenge yourself to grow in ways you never imagined. Leadership is not just about having answers; it's about having the courage to explore the unknown.

Over the next few days, you'll have the opportunity to engage in dynamic workshops, hear from inspiring speakers, and connect with fellow leaders from across the state. This is your time to learn, collaborate, and develop the skills that will shape your leadership journey.

Thank you for bringing your energy, enthusiasm, and passion to this conference. Together, let's embark on a journey of curiosity and leadership that will inspire positive change in our schools and communities. We can't wait to see where your curiosity leads you!

With excitement and gratitude,

—Sandra Kurland
M.Ed.

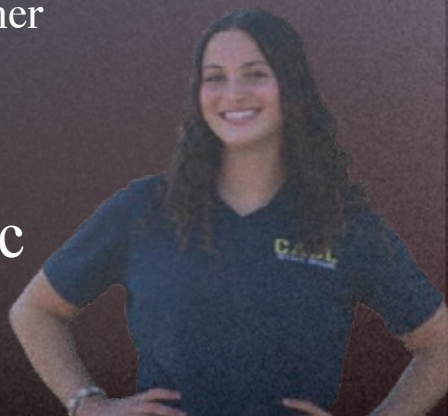

LETTER FROM THE PRESIDENT

Imagine stepping into a world where curiosity transforms obstacles into opportunities. From my first experience attending Ambassador Calls as a sophomore, I quickly discovered the power of genuine connection. These past two years on the CASL Board have been a journey of transformation—a time to witness firsthand how daring to dream and asking bold questions can shape the future. In our quest to build the CASL of Tomorrow, every interaction and idea reinforces one clear truth: when we unleash our curiosity, we ignite change.

I am endlessly grateful for your support, trust, and the inspiring energy you bring to students across the state. Your contributions fuel our shared vision and propel us forward.

On behalf of the 2024–25 CASL State Board thank you for being an essential part of this journey. I look forward to seeing everyone at the CASL of Tomorrow, where together we will continue to unleash our curiosity and shape a brighter future.

—Katarina Dragasevic
'24-'25 CASL President

Lucy Goetz- Cultivating Culture

"Culture" is a leadership buzzword we've all heard repeatedly, but are we utilizing it properly to better our schools and organizations? Join me as we explore the purpose of culture, and how we can effectively create & cultivate it to better serve our populations.

Staying motivated is key to achieving our goals. Let's dive into strategies that help maintain focus, build resilience, and keep pushing forward, no matter the challenge.

How do we achieve our goals? We as "goal-getters" must establish an action plan of how to go about doing so. Keeping the end in mind and being proactive about which goals we set to obtain.

TRAINING

Fear is one of the biggest obstacles to learning and leadership—especially the fear of what others think. This engaging workshop introduces the concept of FIMAGE (Fear of Image) and helps student leaders recognize how it holds them back. Through open discussions and reflections, participants will learn to embrace mistakes, step out of their comfort zones, and create a supportive, judgment-free environment. Leadership requires confidence, and this session will encourage students to push past self-doubt, build resilience, and show up authentically—both at this conference and in their everyday lives.

SERVICE LEARNING EXPERIENCE

At the CASL of Tomorrow, the Service Committee is dedicated to addressing the growing concerns of food insecurity and food waste in our nation. Aiming to provide knowledge and resources for delegates to gain insight on the topic, we hope to empower the leaders of tomorrow to take action in their own communities. This year, we have partnered with Second Harvest of Silicon Valley in hopes to unleash each delegate's potential to make a lasting change. Food waste and food insecurity is a prevalent concern in today's society that continues to impact millions of people, including students, on a daily basis. Today is the start of a national project with leaders across the United States to combat food waste and educate students about food insecurities to create a better tomorrow for all.
